PERSONAL LIFE

In 2012, I regularly led groups of young adults from Bridgeway Christian Church to provide food, clothes, prayer and a listening ear to our local homeless population. We'd meet up once a week, on a weekday evening, load up into a couple cars and hit the streets of Downtown Sacramento and Watt Ave to show the love of Jesus. Through a series of events, this led me to meeting my wife with whom we have 3 beautiful little girls in a loving household and are actively engaged in serving and communing with our local church. It is at this church that I also share the responsibility of teaching/preaching, fill a leadership role in the congregation, and help manage its tech team.
